

Crossroads Christian Schools- A History of Excellence, a New Home for Tomorrow.

June 20, 2007- Crossroads Christian Schools is proud to announce the opening of their brand new facilities for preschool through eighth grade at the corner of Fullerton and Ontario in Corona for the fall of 2007. For the past twenty-eight years Crossroads Christian Schools has been serving the community with a strong commitment to excellence in education both academically and spiritually.

Kindergarten and first grade have already been in session on the new campus, having gradually moved in over the last two years. Now with the generosity of parents and supporters, Crossroads Christian Schools will open their doors to all of their students in one location this fall.

Crossroads Christian Schools currently serves over seven hundred families, preschool through eighth grade, and with their expansion into the new facility they will be able to serve many more families. They have been known for years in the community as an outstanding source for high level education, resulting in long waiting lists to get in. However, the increased size of the new facility is allowing more families to benefit from their high standards of excellence in education.

With their dedicated and loving staff Crossroads Christian Schools is pleased to add several new amenities to their already excellent programs. These amenities include: a chapel and performing arts center, an expanded computer lab, a complete sports complex (including a legal size soccer field), age dedicated play and learning areas, and a parent coffee bar and meeting place.

On September 4th CCS will be celebrating their Grand Opening at 10:00 a.m. Celebrations will include a ribbon cutting ceremony and the dedication of "Jacie Booher Memorial Circle", the entrance of the new school campus.

Crossroads Christian Schools is looking forward to serving families and the community this fall in their new facilities. Registration is still open for the Fall of 2007. Call the schools for more details on enrollment, for preschool (951-278-3196) and Elementary and Middle School (951-278-3199). Classes will commence for preschool through eighth grade at the new campus on the corner of Ontario and Fullerton on September 5, 2007.
